Organizational behaviour contains material on responding to global and cultural diversity with discussions of globalization workforce diversity and ethics when asked to define the ideal leader many would emphasize traits such as intelligence toughness determination and vision the qualities traditionally associated with leadership often left off the list are softer more personal qualities but they are also essential although a certain degree of analytical and technical skill is a minimum requirement for success studies indicate that emotional intelligence may be the key attribute that distinguishes outstanding performers from those who are merely adequate. Psychologist and author Daniel Goleman first brought the term emotional intelligence to a wide audience with his 1995 book of the same name and Goleman first applied the concept to business with a 1998 classic Harvard Business Review article in his research at nearly 200 large global companies Goleman found that truly effective leaders are distinguished by a high degree of emotional intelligence without it a person can have first class training an incisive mind and an endless supply of good ideas but he or she still won't be a great leader the chief components of emotional intelligence self awareness self regulation motivation empathy and social skill can sound unbusinesslike but Goleman found direct ties between emotional intelligence and measurable business results the Harvard Business Review Classics series offers you the opportunity to make seminal Harvard Business Review articles a part of your permanent management library each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world and will have a direct impact on you today and for years to come this second European edition of this classic textbook brings the exceptional introduction to organizational behaviour written by the masters of the subject and adapts it to meet the needs of students studying in Europe today fully updated and revised this adaptation continues the tradition of making current relevant research come alive for students while maintaining its hallmark features clear writing style cutting edge content and compelling pedagogy this new edition offers real life examples drawn from a global range of organizations including Google Cadbury Apple Capital One Microsoft Lego Ferrari and more plus up to date insights into the latest research and hot topics from across the world key features include Myth or Science boxes which provide repeated evidence that common sense can often lead us astray in the attempt to understand human behaviour and that behavioural research offers a means for testing the validity of common sense notions. OB in the News which prepares students to recognise and evaluate OB issues which often appear in the news when presented with them in newspapers magazines TV etc Face the Facts these boxes highlight interesting facts from recent surveys that emphasise key aspects of the text for example diversity across Europe the extent of employee engagement and the popularity of working in teams as a whole the content of the book is strong and is well structured with a European focus. Mohammad LaFitte Uppsala University Sweden Robbins leading the way in OB Organisational behaviour shows managers how to apply the concepts and practices of modern organisational behaviour in a competitive dynamic business world written and researched by industry respected authors this continues to be Australia's most popular text for introductory courses in organisational behaviour a new suite of learning and teaching resources that will excite future managers and inspire critical thinking accompanies the text OB is for everyone.
