Theory Of Computation Ebook-PDF

2007-06-12 the present book has been designed to serve the students of plant breeding genetics biotechnology biochemistry and forestry in most of the books the objective type questions judge the students on the basis of their ability to memorize because of the way they are formulated it is important to be able to remember the year of historical events the scientists involved and who named what to make one remember the landmark contributions of the people on a particular subject along with these kinds of questions majority of the questions in this book have been designed to assess the candidate s understanding of the subject it is perhaps for the first time where questions have

four to six choice statements which are to be understood to find the right answer one has to think and remember what he has learnt to be able to answer these questions there are some books on objective type questions on the subject of plant breeding and a very few on genetics but there is hardly any book which deals with tissue culture biotechnology biochemistry or forestry all these subjects are related as many postgraduate students of genetics and plant breeding take biotechnology as a minor subject whereas those of biotechnology take biochemistry or genetics and plant breeding as a minor subject also undergraduates in agricultural universities study courses on all these subjects including forestry

Mechanical Engineering (Conventional and Objective Type) 1979 for more than 30 years mechanical engineering conventional and objective type continues to be a comprehensive text aided by a collection of multiple choice questions specifically for aspirants of various competitive examinations such as gate upsc ias ies and ssc je among others as well as students who are preparing for university examinations the new edition contains 17 chapters where every important concept of mechanical engineering is fairly treated on the other hand the questions provided in this book have been selected from various potent resources to provide the students with an idea of how the questions are set and what type of questions to expect on the final day
